MANUFACTURERS OF ARCHITECTURAL IRONMONGERY

# Bathroom Hinged Grab Rail ALHDLASR

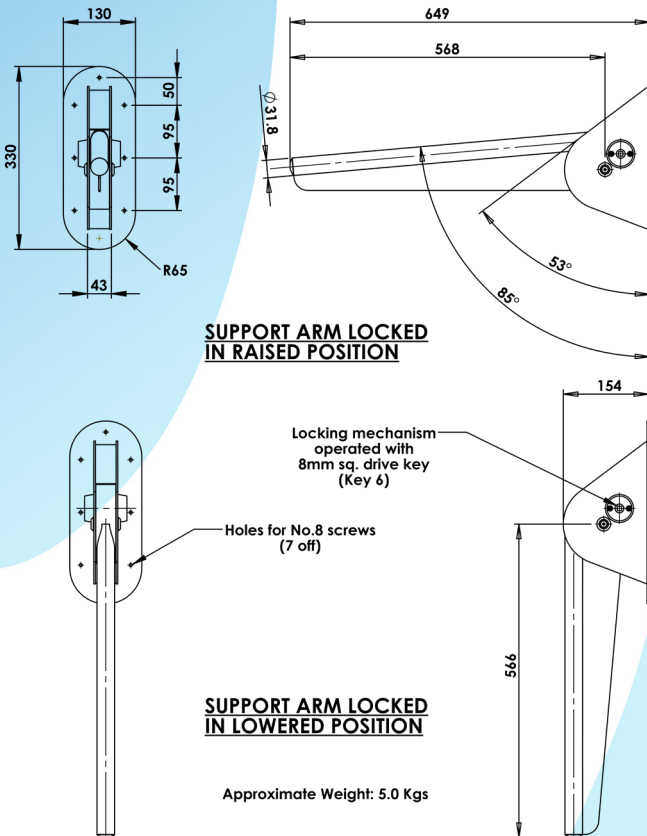

SKU 23631

Manufactured by ourselves in England.

Available in:  
Colour Coated Stainless Steel.

The ALHDLASR Bathroom Hinged Grab Rail has been designed to hinge downwards so it stores away in a convenient position. The rail has been design with a downward slope to suit anti-ligature requirements. When the rail is stored in its lowered position it is locked in place. With the use of a key, the handle can be unlocked and raised to it operating position. With the unique locking mechanism the handle has a positive engagement so it can not be moved in the operating position. With the use of the key the handle can be disengaged and lower in the storage position. Again this will lock with a positive engagement.

This type and all our range are supplied with a manufacturers guarantee of up to 10 years, subject to our standard terms & conditions with correct fittings.

### Maintenance

With all products, a periodic clean with a dry soft cloth or if required, the use of a damp warm cloth. This will remove any grease or dirt marks. Do not scour with any abrasive pads, cleaning products or chemicals.

Please read our Terms & Conditions of sale re: changes / improvements to all products.

Manufactured by J & S Agencies.
