## Commitment to achieving net zero

Anti-Ligature Shop Ltd is committed to achieving net zero emissions by 2050.

### Baseline emissions footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

#### Baseline year: 2025

## Current emissions reporting

### Emissions reduction targets

In order to continue our progress to achieving net zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next five years to 271.62 tCO<sub>2</sub>e by 2030. This is a reduction of 23%.

## Carbon reduction projects

### Future carbon reduction initiatives

In the future we plan on imposing measures such as:

- Move company owned vehicles to 100% electric.
- Reduce plastic material in packaging and re-use any plastics that have been shipped to our offices.
- Use direct shipping where applicable to reduce the mileage products need to travel.
- Prioritize virtual meetings to reduce travel-related emissions.
- Support manufacturing partners in transitioning to 100% renewable energy.

## Declaration and sign off

This Carbon Reduction Plan has been completed in accordance with PPN 006 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard<sup>13</sup> and uses the appropriate government emission conversion factors for greenhouse gas company reporting.<sup>14</sup>

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements (where required), and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.<sup>15</sup>

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).
